PRELIMINARY LIST OF

Roses and Ornamental Shrubs.

— GROWN BY —

The United States Nursery Co.,

(INCORPORATED.)

RICH, Coahoma County, MISSISSIPPI.

1904-1905.

To the Trade:

We beg to hand you list of field-grown roses and ornamental shrubs for Autumn 1904 and Spring 1905 delivery. Situated as we are in the great delta of the Mississippi, with a soil peculiarly and particularly adapted to the growing of roses and shrubs, we feel, that our product, after many years of experience, observations and actual tests, will compare most favorably with plants grown in any section of the world.

The active members of this firm have made the growing of roses a specialty for many years, and we assure every customer the highest grade of plants that skill and a most favorable climate can produce.

We have planted out two million roses and shrubs, and we shall be pleased to quote you prices.

Our trade list will be issued some time in June.

PLEASE NOTE.

Our Freight and Express office is at Yazoo Pass, Miss., sixty miles from Memphis, Tenn. Through connection is made out of Memphis over the different railroads, assuring cheap rates and prompt service.

TERMS:—Cash or satisfactory reference from unknown correspondents. The usual terms to responsible firms.

SHIPPING:—State explicitly the mode of conveyance by which goods are to be forwarded, as our responsibility ends on delivering to railway station or express office.

Rates:—Three hundred, fifty will be supplied at the thousand hundred rate respectively. Long, selected lists will be charged orders less than one hundred dollars.

Grades.—We grow all grades and in every instance we give the smaller grades the benefit. There are given four grades.

XX Grades will have three or more branches and will be cut back to 30 inches of wood. This applies to Prairies, Mosses, Climbers, H. P. and all vigorous growers. Teas and Hybrid Teas will be cut back to 30 inches of wood.

No. 1 Grade, all varieties except Teas, and Hybrid Teas have 24 to 30 inches of wood, the latter 20 to 24 inches of wood. Plants well rooted, stocky with three or more branches.

No. 2 Grade, all varieties except Teas and Hybrid Teas 18 to 24 inches of wood, the latter 15 to 20 inches of wood. Plants stocky, well rooted, with three or more branches.

No. 3 Grade will be like the No. 2 Grade and are ideal plants for mailing and lining out. Plants stocky and well rooted.

XX and No. 1 Grades are tied in bundles of 10; No. 2 and No. 3 Grades in bundles of 25. Orders should be made to correspond with these multiples.

Boxing.—We charge actual cost of material, no more. Packing carefully done and without extra charge.

Guarantee.—While we use every endeavor to send out all stock true to name, if plants are booked and shipped with the expressed understanding between the purchaser and ourselves, that should any prove not true to name, we will only be responsible for invoice price of stock delivered.

All agreements and contracts are made subject to loss of stock by fire, flood, drouth, insects or other causes over which we have no control.

Certificate of health with each shipment.
